Hello Parents,
Welcome back to school for the final term of 2016. I hope you had an enjoyable holiday with your children. It was a real pleasure to see them all at school yesterday, well rested and ready for a productive term.

Term 4 is very busy for schools with preparation and planning for 2017. There are many other exciting activities planned with the undoubtedly highlight being the Great Fete on Saturday November 19th. The fete committee is well underway with their planning and organization. They will continue to seek your support for the various stalls and activities planned. Please try to assist in whatever way you can. Our school is only as well resourced as it is, because of the huge effort by Hartwell parents over many years. I know you will offer your support again for this fete.

Buildings & Grounds
During this school holiday period the grounds near the Milverton Street entrance in the middle of the school have been greatly improved. Seating and new planter boxes and shrubs have been installed along the western side of the main building. Extra shrubs have been planted in the other gradens in this vicinity too. We hope you enjoy this new area and ask that all of our community looks after this space as the new plants are established. Thanks to Jenny Martin and the Buildings and Grounds committee for organizing this project. In 2017 we have plans to develop the area between the Science and Year 1 rooms and perhaps also the area outside the sheds.

Inquiry Units Term 4
Our students this term will be engaged in inquiry units that have a particular focus in the curriculum areas of science, humanities and DCT(Design, Creativity and Technology). For your interest our

inquiry units for this term as are:
Prep: ‘What Is A Scientist?’ - students use their senses to explore, predict and explain how things work.
Year 1: ‘How Are Gardens Used?’ – in this inquiry students will look at life cycles and ecosystems
Year 2: ‘How Can We Grow An Edible Garden?’ – students investigate how using our land enables sustainable living.
Both Year 3 and 4 will investigate: ‘How Does Design Keep Us Safe?’ In Year 3 students will focus on the physical and system design aspects of the school and in the wider area of Melbourne. The Year 4 students will be exploring various aspects of safety such as physical and emotional safety and designing in response to a want or need. During the term they will find out about the design process and will use the theme of safety to

Qkr – online ordering system

The GFS has an exciting new ONLINE ORDERING SYSTEM – Qkr.

We are hopeful that this system will simplify the ordering system for all concerned – parents, children, canteen helpers and office staff.

I am most grateful to Kris, the team of School Councillors and Shiranee who have embraced the task of researching different systems and selecting the most appropriate system for our school.

New Spring Menu

We hope the children are pleased with the variety of items on offer.

 Helpers

We are very grateful to all the wonderful mum’s, dad’s and even grandparents who assist at the GFS. Your help is invaluable, thank you.

We are often in need of extra help, particularly on Fridays.

If you are able to help out, or would like to see how the GFS operates, please call in at the GFS door on a Wednesday or Friday morning.

You will be warmly welcomed.
